WHO WE ARE

Yorkshore is a **best-in-class** commercial flooring distributor. We carry top-rated products specifically designed to meet the needs of healthcare, education, corporate, and many other commercial environments!

Our support staff is well-versed within the industry, with firsthand experience in floor maintenance, installation, and supporting specifications.

WHO WE WORK WITH:

- A&D
- Facility Managers
- Project Managers
- General Contractors

WHAT IS "BEST-IN-CLASS"?

Resilient flooring products that promote healthy building design and are guaranteed to provide you with the **highest ROI** on any project! All of our products must meet our high standards in each of the following categories:

DESIGN

ECO-FRIENDLY

DURABILITY

Our goal is to help you simplify the specification process by only carrying best-in-class materials. Our team of flooring experts actively support our products with **dedicated post-sale service**. Including maintenance training and technical specification support.

Count on us as your go-to commercial flooring resource!

DURABLE SPORTS FLOORING WITH OPTIMAL SLIP RESISTANCE

Dinoflex has been a leader in manufacturing recycled rubber products for the last two decades! They are well known for their innovative manufacturing processes and endless custom designs.

Flooring solutions designed specifically for gyms, schools, playgrounds, offices, weightlifting areas and more!

RECYCLED RUBBER

HIGHEST QUALITY RUBBER

- SBR rubber from commercial truck tires paired with EPDM rubber from Germany
- Little to no fillers, providing more color stability and greater flexibility

MADE FLAT, STAYS FLAT

- "Made flat, stays flat" block manufacturing process guaranteed to **never curl!**
- Water-jet cut for precise cutting and virtually seamless installations

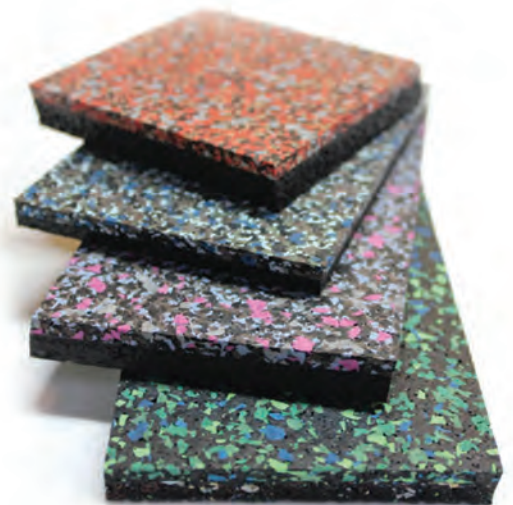

ECO-FRIENDLY

- Lowest VOCs of any recycled rubber products
- EPD & HPD certified for sustainable green building and can contribute to LEED credits

ENDLESS CUSTOM DESIGNS

- Online color innovator mixing tool
- Larger than life logo capability
- Thickness from 4 mm to 22mm
