APIS

MODULAR DESIGN COLLECTION

New design collection

The new design collection is developed by Fletco Carpets x Yo2. Apis is the Latin term for bees. In developing our new modular design collection, we have been inspired by the importance of bees to our nature and biodiversity, where the geometric lines of the Apis collection have their unmistakable origins in the beehive's combs. With Apis you have endless combination possibilities with 3 designs, 7 colours, and 4 shapes.

Die Farben auf den Teppichen können von der Broschüre abweichen. Bitte bestellen Sie ein Farbmuster vor Ihrer Bestellung.

THE CONCEPT

THE APIS MODULAR CONCEPT IN FOUR STEPS / DAS MODULAR APIS-KONZEPT IN VIER SCHRITTEN

1 Colours

Choose the desired colour(s) for your selected design(s).

Farben

Wählen Sie aus den Designs Ihre Wunschfarbe/en).

2 Designs

Three different designs at your disposal: Alfa, Beta and Gamma.

Designs

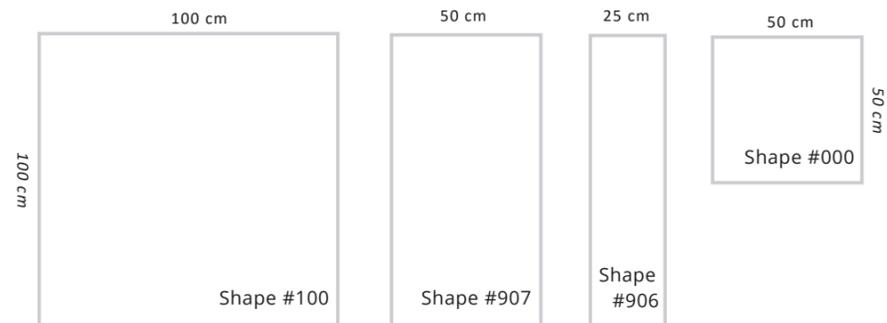

Es stehen drei verschiedene Designs zur Verfügung: Alfa, Beta und Gamma.

3 Shapes / Modules

Four different shapes / modules are combinable. The modules are laser cut from one 200x200 cm master tile. Select desired module(s).

Formate / Module

Es gibt vier verschiedene Formate / Module, die kombinierbar sind. Die Module werden aus einer 200x200 cm großen Platine laser geschnitten. Modulformate können ausgewählt werden.

EARTH
Gamma / 50x50 cm

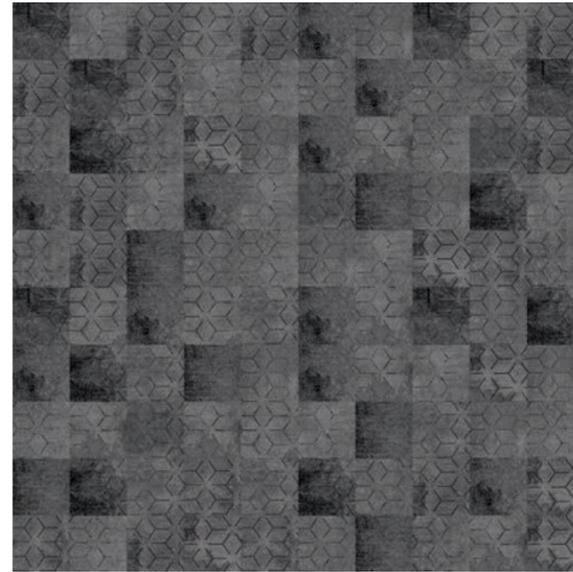

4 Random installation

The modules are without pattern repeat.
Install randomly for a unique flooring design.

Verlegung nach dem Zufallsprinzip

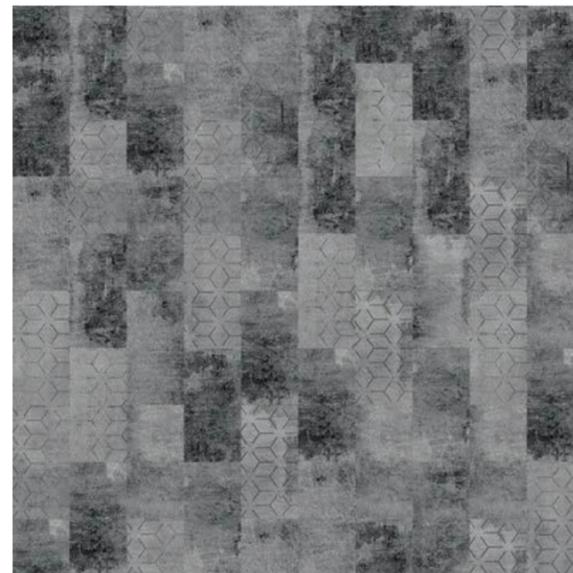

Die Module sind ohne Musterrapport und können nach dem Zufallsprinzip verlegt werden. Dabei ergibt sich ein graphisches und lebendiges Oberflächenbild.

The 200x200 cm tile is cut and mixed randomly / Die 200x200 cm Fliese wird nach dem Zufallsprinzip geschnitten und gemischt.

DARK GREY
Gamma / 50x50 cm
