

You already know our flat woven carpet tiles. Now we have taken our well-known quality one level up with a newly developed, innovative and patented solution, which has never before been seen on the market: we call it LockTiles®.

LockTiles® is a brand new and unique carpet tile shape with laser cut edges. This means that the edges interlock around each other and always will fit together in all directions – meter for meter, no matter the size of the area.

The LockTiles® guarantee an effective and perfect installation with a completely homogeneous surface making the joints less visible.

The new carpet tile is specifically developed for customers, who want the best within flat woven carpet tiles and their many advantages, and simultaneously want the exclusive look of a broadloom.

MEET LockTiles®

 **Yorkshire**
COMMERCIAL INTERIORS

Yorkshire Commercial Interiors
1356 Bennett Drive Longwood, FL 32750

www.yorkshire.com

Please note!
You must expect longer
installation time, when installing the
LockTiles®. The darker the tile
colour, the less visible the joints.

Stellar

– the new star on the floor

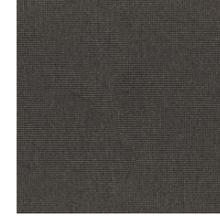

A new star in the world of flat-woven carpets has emerged from our ongoing product development in weaving. Here, the master weaver has created a unique structure that captures the depth of space, where stars and other celestial bodies emerge against a dark background of infinity and eternity.

Available both as square carpet tiles, ZigZag-Tiles[®], and as LockTiles. Stellar LockTiles[®] have won the prestigious iF DESIGN AWARD 2024.

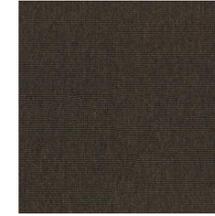

Available in nine well-balanced colours. Special colours from +200 m².

COM 1000

– quality and functionality for all times

COM 1000, with its stringently simple design, embodies a timeless carpet where high quality plays the leading role alongside functionality beyond the ordinary. The classic expression carries reminders of cobblestone paving, which has had significant architectural importance over time with its pat-terned surfaces in urban spaces. Available both as broadloom, square carpet tiles, ZigZag-Tiles[®], and as LockTiles[®].

Available in 10 timeless colours. Felt backing from

Nordic – Nordic beauty for all times

Nordic offers the same simple, stringent design as the COM 1000 carpet and is the epitome of a timeless carpet where high quality takes center stage. The classic expression sparks associations to cobblestone paving, which has had significant architectural importance over time with its pat-terned surfaces in urban spaces. Available both as broadloom, square carpet tiles, ZigZag-Tiles[®], and as LockTiles[®].

Available in 18 carefully selected colours. Special colours from +200 m² Felt backing from +200 m²

TEXTiles®

The LockTiles® are produced in the well-known, strong Fletco quality. The special laser cut shape and edges guarantee perfect and minimally visible joints and help prevent fraying.

The LockTiles® are available in the size 50 x 50 cm and can be delivered in the following collections:

- Stellar
- Nordic
- COM 1000

Please contact us for further information or if you want a sample of LockTiles®. Please also feel free to contact one of our sales representatives in order to get a presentation of the new carpet tile shape.
