LUXURY VINYL TILE

Sonata  
ELEMENTS

# Sonata ELEMENTS

## The design sophistication and flexibility of carpet in a luxury vinyl tile.

Sonata Elements is an 18" x 36" Luxury Vinyl Tile with a 20-mil wear layer that combines the hygienic benefits of a luxury vinyl tile with a striated textile design inspired by modular carpet tiles.

This versatile flooring line features 5 neutral base colors and 10 color coordinated tone-on-tone and chromatic gradient accent tiles. The 15 tiles can be used monolithically or mixed allowing for functional wayfinding areas and unlimited flooring patterns.

Sonata Elements features a no-wax-for-life aluminum oxide polyurethane surface treatment, making it easy to clean and disinfect.

Sonata Elements can be coordinated with Sonata Wood planks and Sonata Stone tiles. All Sonata collections have proven to show no signs of surface attack, no color change and no tarnishing after repeated disinfection.

# FLOOR CREATOR

Discover the Sonata Elements LVT Floor Creator App and create unlimited unique flooring designs.

Visit [sonata.american-biltrite.com](https://sonata.american-biltrite.com) to access the app.

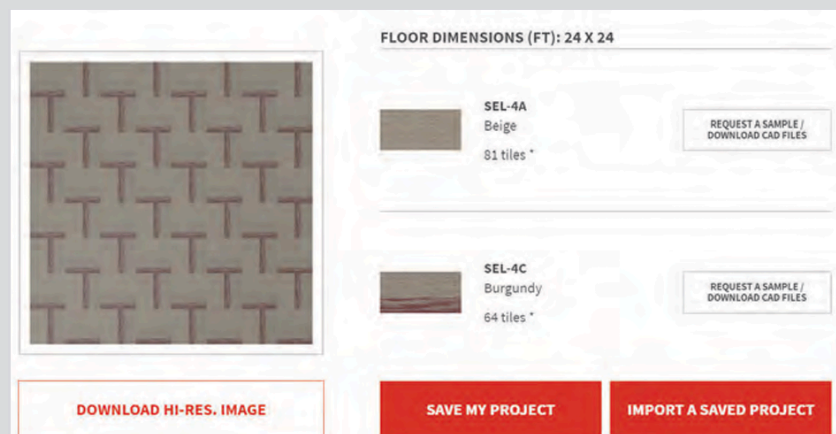

Start by choosing one of the ten pre-set flooring patterns.

**You can easily modify the patterns to create your own unique design.**

Specify a floor size according to your project requirements. The tiles can be installed at different angles and even flipped 180°.

Pick from fifteen tile colors— five cool and warm neutral base colors supported by ten 2-tone accent tiles.

The app will calculate the quantities per color required for your project.

You can easily save and re-upload the project into the app for later use. The app also allow you to download CAD files and request samples.

### TECHNICAL SPECIFICATIONS

<b>Gauge</b>	0.098"	2.50 mm
<b>Size</b>	18" x 36"	457 mm x 915 mm
<b>Wear Layer Thickness</b>	0.020"	0.5 mm
<b>ASTM F 1700</b>	Product Classification: Solid Vinyl Floor Tile	Class III, Type A or B
<b>ASTM D 2047</b>	Static Coefficient of Friction (leather/neolite)	≥ 0.5 / ≥ 0.9
<b>ASTM D 3389</b>	Abrasion Resistance (H-22, 500 g @ 1,000 cycles)	PASS
<b>ASTM E 648</b>	Critical Radiant Flux CRF (W/cm <sup>2</sup> )	≥ 0.45
<b>ASTM E 662</b>	Smoke Density	≤ 450
<b>ASTM F 925</b>	Chemical Resistance	Exceeds
<b>ASTM F 970</b>	Static Load (modified at 2,500 psi)	≤ 0.005"
<b>ASTM F 1514</b>	Heat Stability	ΔE ≤ 8.0
<b>ASTM F 1515</b>	Light Stability	ΔE ≤ 8.0
<b>ASTM F 1914</b>	Indentation	Residual < 8%
<b>ASTM F 2055</b>	Squareness	0.010" maximum
<b>Indoor Air Quality (IAQ)</b>	FloorScore Certified by SCS Certification	
<b>Volatile Organic Compounds (VOC's)</b>	Registration Number SCS-FS-03325	
<b>Maintenance</b>	Very low	
<b>PU (Polyurethane) surface treatment containing Aluminum Oxide</b>	Facilitates maintenance	
<b>Adhesives</b>	PS-30, AD-610 AD-590	Regular traffic Heavy traffic/rolling loads
<b>Limited Wear Warranty</b>	10 years for commercial installations 20 years for residential installations
